Texas A&M University, Mays Business School
Ph.D. student in Finance — 2023–present

Boston University
M.A. in Economics — 2019–2020

Central University of Finance and Economics
Bachelor of Economics (Outstanding Graduate) — 2015–2019

Research Interests

Mutual Funds, Large Language Models (LLMs), Investor Beliefs

Working Paper

Moral Licensing? ESG Score Improvements and Misbehaviors in Mutual Funds
I show that after an ESG score improvement, mutual fund managers become more likely to engage in window dressing and avoid reporting small losses. These patterns are consistent with a moral-licensing mechanism in which recent prosocial behavior can license less prosocial behavior thereafter. The evidence is inconsistent with explanations based on pecuniary benefits, and a further test rules out an explanation based on performance pressure.

Teaching Experience

Instructor
Money and Capital Markets (Undergraduate & Master's) — Spring 2026

Teaching Assistant
Financial Modeling (Undergraduate & Master's) — Spring 2026
Investment Analysis (Undergraduate) — Spring 2024
Managerial Finance I (Undergraduate) — Fall 2023, Fall 2024
